Dear Parents & Carers

### **Additional Parent/Carer Consultation Evenings**

As you may be aware we had intended to organise an additional consultation evening this term in order for you to be able to discuss your child's progress in English and Maths.

We are currently in the process of changing our assessment recording system over to SOLAR, a bespoke assessment tool that, after a substantial setting up process, will allow us to better assess and track our pupil's progress across all of their subjects.

Maths and English will be the first subjects to be moved over to the new system but we will not be in a position to arrange the consultation evening this term.

As a teacher might teach both a Maths and an English group they might be responsible for as many as 20 plus pupils. From past experience we know that it is not possible for a member of staff to speak to this many parents and carers in a single evening.

Consequently, as soon as we have completed the transfer process we will write to parents and carers again to inform you of how we are going to proceed to give you the information you require regarding your child's progress in Maths and English.

Thank you for your patience in this matter.

Yours Sincerely

Mr C Greenhough & Mrs D England  
Co-Headteachers

Headteachers: C Greenhough & D England
